

California Crosswalk of HealthySteps-Aligned Services with Billing Codes and Provider Types

HealthySteps National Office Policy & Finance Team

About This Document

Have you ever wanted a list of the reimbursable HealthySteps (HS)-aligned services and corresponding list of providers who can render the services to assist with hiring decisions or to quickly identify “open” codes in California? If so, this document will provide you with helpful guidance. Knowing the HS-aligned services open in California, their associated billing codes, and the professionals eligible to render the service and/or receive insurance carrier reimbursement for each service will assist your site in understanding potential billing opportunities and may assist you in the decision-making process when hiring a HS Specialist.

The following table outlines HS-aligned services, the service types, and the provider types that can provide and/or render the services. At the bottom of the table, you will find a tally of the number of billable codes for each provider type.

In summary the top three provider types with the most opportunities to currently bill for HS-aligned services in California, under Medicaid (Medi-Cal in California), are:

- Licensed Clinical Psychologists
- Licensed Clinical Social Workers
- Licensed Marriage and Family Therapists
